## Lackawanna County appoints Berkheimer as their Earned Income Tax Administrator

The Commonwealth of Pennsylvania passed new legislation in an attempt to streamline and reform the local tax collection system. Act 32 requires that all taxing bodies within each county choose one tax collector to administer the earned income tax for that county.

The firm of Berkheimer Tax Administrator has been appointed by the Lackawanna County Tax Collection Committee to administer the Earned Income Tax, effective January 1, 2012.

All residents and employers of Lackawanna County can expect to receive the necessary tax forms from Berkheimer as they begin to establish the tax rolls.

All residents and employers of Lackawanna County are required to file and remit the Earned Income Tax with Berkheimer, beginning with the First Quarter 2012.

Berkheimer is Pennsylvania's largest independent tax collection agency, maintaining many offices throughout the state. Additional information can be obtained directly from Berkheimer Tax Administrator's website.
